

MARK OLESZCZAK’S ENVIRONMENTAL FOOTPRINT

ELECTRICITY

On average, how many kilowatt hours of electricity did I use each month during 2019?	620
KILOWATT HOURS PER YEAR	
2019	7,443
2018	7,451

FOOD

GARDEN	SQUARE FEET	YEAR
West Colfax Community Garden	400	2020
West Colfax Community Garden	250	2019
West Colfax Community Garden	140	2018
Kerr Community Garden	200	2017
Kerr Community Garden	200	2016
Kerr Community Garden	200	2015

NATURAL GAS

On average, how many therms of gas did I use each month during 2019?	45
THERMS PER YEAR	
2019	537
2018	482

TRANSPORTATION

MILES	DRIVE	FLY	PUBLIC	WALK
2019	9,154	6,964	~1,000	1,686
2018	8,650	4,229	~1,000	1,729
2017	9,550	~5,000	~50	1,346
2016	10,833	~5,000	~50	715
2015	9,967	~5,000	~50	1,032
2014	~35,000	~10,000	~50	712
2013	~45,000	~40,000	~50	–
2012	~45,000	~65,000	~50	–

WASTE

How many pounds of waste has my house sent to the landfill since 2020?	–
DISTRIBUTION	
Organics	–
Recyclables	–
Landfill	–

WATER

On average, how many gallons of water did I use each month in 2019? (Approximately 25%)	1,833
On average, how many gallons of water did this duplex use each month in 2019?	7,333
GALLONS PER YEAR	
2019	88,000
2018	125,000

2025 GOALS

Electricity	Redo evaporative cooler ductwork to more efficiently distribute cool air
Food	Stop eating meat (for the most part), and increase the amount of food I grow
Natural Gas	Improve insulation in attic to reduce energy loss
Transportation	Drive and fly less year-over-year
Waste	Collect several years of data with the total amount of compost, recycling, and trash I generate
Water	Install rain barrels, remove grass, and install an additional water meter to acquire better data
Others	Stop using all single-purpose plastics
